"Remember"

I see you in my memory
As vivid as today
And I wonder do you see me
In that same familiar way
Ohhh..., another place, another time
We'll meet again and you'll be mine,
Ohhh..., 'cause nothing can compare to you and I

Wasn't it true do you remember like I do
(Wasn't it true or is it)
All tainted in your view
Could I be just a dream or two
(Wasn't it true)
Oh, if I knew

Now I know it was so special
(Every single way)
Every single way, yeah, yeah
You know I'd go right back there
(Take me back today)
If you take me back today
'Cause I know there's no one to replace you in my mind

Wasn't it true do you remember like I do
(Wasn't it true or is it)
All tainted in your view
Could I be just a dream or two
(Wasn't it true)
Oh, if I knew

Do you remember...
Oh I remember...
Do you remember...
(Do you remember, Do you remember, Do you remember)
Oh I remember
(Do you remember, Do you remember, Do you remember)

True, remember like I do

(Wasn't it true or is it)
Tainted in your view
Just a dream or two
(Wasn't it true)
Away from you

Wasn't it true, so true, remember like I do, I do
(Wasn't it true, or is it all)
Tainted in you're view
Could I be just a dream or two
(Wasn't it true)
Away from you
Do you remember...
(True, Remember like I do)
Oh I remember...
(Wasn't it true, or is it tainted in your view)
(Just a dream or too)
Oh I remember...
(Wasn't it true)
(True, remember like I do)
(Wasn't it true, or is it)
Tainted in your view
Just a dream or two...
