Gone are the days when I was young and free
The future, I can't see
Gone are the days of precious love
Relied on and leaned on
So many days of sleepless nights
(So many days of sleepless nights)
By your side and why ohh why
(Your side why ohh why)
I never thought that it would be like this
(I never thought you be like this)
My first love the last time

But if he say, say, says that he loves me
(Says that you love me)
I can cry, I can smile
But if he say, say, says that he needs me
(Says that you need me)
There's a light
There's a light
A light for me
Yea, yea
Say

So many things that I would like to say
But he took you took you away
So many things I'd like to ask
It's no good 'cuz you're not here, here
I hear your voice, I see you laugh
(I hear your voice)
And if only you were here
You see the night and I the day
But sometime we'll walk away

But if he say, say, says that he loves me
(Says that you love me)
I can cry, I can smile
But if he say, say, says that he needs me
(Says that you need me)
There's a light
There's a light
A light for me

Never wanna feel that again, that again
Never wanna feel that again
Lean on
Gotta rely on
Don't leave me
Don't leave me
Lean on
(Lean on)
Gotta rely on
(Rely on)
Don't leave me
(Leave me)
Don't leave me
(Leave me)
Lean on
(Gone are the days when I was young and free)
(Lead on)
Gotta rely on
(Rely on)
Don't leave me
(Leave me)
Don't leave me
(Leave me)
Lean on
(Gone are the days of precious love)
(Lean on)
Gotta rely on
(Rely on)
(Relied on and leaned on)
Don't leave me
(Leave me)
Don't leave me
(Leave me)

But if he say, say, says that he loves me
(Says that you love me)
I can cry, I can smile
But if he say, say, says that he needs me
(Says that you need me)
There's a light
There's a light

Yeah, if he say, say, says that he loves me
(Says that you love me)
I can smile
Hmm, if he say, say, says that he needs me
(Says that you need me)
There's a light
There's a light
Light for me
Yea

Light for me
(Say)

So many things I would like to say
But he took you away
Took you away
So many things I would like to add
He took you away
Took you away
Say
Say
Say
