"I Love You"

"I Love You"

I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you,

I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you.

I only just met you before
But I can't understand you don't want me more
You maybe think I'm too smart and weird,
But that should only make you want to hear that...

I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you,
I love you, I love you, I love you, I love you,

You make me feel really unsure,
But that should just make you feel secure.
Although we've only known each other a bit
Already I can't sleep at night and I feel like shit.
That's right.
