"Just Try"

If you just try
Telling me why
Wise and old,
Still I know the sun
And built cities
Where the rivers run
Telling me why
If you just try.

Ohhhhh
Aaaaaah

Just try
telling me why
If you just try

Alakazam put a sham down
She was a good head
Oh, now that she died,
I swear bye-bye
She would have tried.

Alakazam put a sham down
She was a good head
Oh, now that she died,
I swear bye-bye.
