Take a step back and  
Look into my eyes  
Take a deep breath and  
Know that all you speak are lies?  
I know how you feel inside  
I know how it feels to be left behind

Please take me home  
To the comfort of my own  
I never knew, I never knew  
Where my heart belongs

Please take me home  
To the comfort of my own  
I never knew, I never knew  
Where my heart belongs

Take a good look at  
What's to come  
Take a second glance at  
The future and what you've become  
I know how you feel inside  
I know how it feels to be left behind  
Please take me home  
To the comfort of my own  
I never knew, I never knew  
Where my heart belongs

Please take me home  
To the comfort of my own  
I never knew, I never knew  
Where my heart belongs (where my heart belongs)

Please take me home  
To the comfort of my own  
I never knew, I never knew  
Where my heart belongs

Please take me home  
To the comfort of my own  
I never knew, I never knew  
Where my heart belongs
