### "Baby's Got A New Revelation"

I know, I've been in conversation  
I had a reservation  
But now it's going slow  
One trip, I fell into a big drop  
While choking on a rain drop, and I ain't thirsty, no

But suddenly I caught up with a rainbow  
Its shadow glowed in the dark  
And all of my answers turned into questions  
The ending became the start

So, c'mon she said, turn on yourself  
Baby's got a new revelation now  
Exit to Zen, come take my hand  
Meet your maker and we'll do it all over again  
One last time  
A time

We'll kiss off, you're callused and abrasive  
Over underrated and I won't break for you  
Switch on my targeting computer  
Camouflage mag shooter, specially made for you

While keeping an eye on a cool connotation  
And tripping on a Winter's day  
Asleep with the lights on, covered in angels  
Won't stop before I go astray

So, c'mon she said, turn on yourself  
Baby's got a new revelation now  
Exit to Zen, come take my hand  
Meet your maker and we'll do it all over again  
One last time

And suddenly I caught up with a rainbow  
Its shadow glowed in the dark  
And all of my answers turned into questions  
The ending became the start

So, c'mon she said, turn on yourself

Baby's got a new revelation now  
Exit to Zen, come take my hand  
Meet your maker and we'll do it all over again  
Well c'mon, c'mon  
C'mon, c'mon  
Baby's got a new revelation now  
Exit to Zen, come take my hand  
Meet your maker and we'll do it all over again  
Do it again, one last time  
A time, a time
