When we first came here  
We were cold and we were clear  
With no colours in our skin  
We were light and paper thin

And when we first came here  
we were cold and we were clear  
With no colours in our skin  
'Til we let the spectrum in

(Chorus)

Say my name  
And every colour illuminates  
We are shining  
And we will never be afraid again  
Say my name  
As every colour illuminates  
We are shining  
And we will never be afraid again  
Say my name  
As every colour illuminates  
We are shining  
And we will never be afraid again

And when we come for you  
We'll be dressed up all in blue  
With the ocean in our arms  
Kiss your eyes and kiss your palms

And when it's time to pray  
Dressed up all in grey  
With metal on our tongues  
And silver in our lungs

(Chorus)

And when we come back  
We'll be dressed in black  
And you'll scream my name aloud  
And we won't eat and we won't sleep  
We'll drag bodies from a ground

So say my name  
And every colour illuminates  
And we are shining  
And we'll never be afraid again  
Say my name  
As every colour illuminates

Say my name  
As every colour illuminates  
We are shining  
And we will never be afraid again

Say my name  
As every colour illuminates  
We are shining  
And we will never be afraid again

Say my name  
We are shining  
Say my name  
Say my name  
And we will never be afraid again
