

## Meadowland "Buttercups"

Hush little baby hush  
Let me help you with those buttercups  
I am here, so what's the rush  
I am here, and buttercups.

Hush little lily hush  
We don't have to talk so much  
Put the dandelions in the hutch  
But keep the "true forget me not"  
Yes keep "the true forget me not"

In a year or two  
You won't recall this day

It doesn't matter in anyway  
Even if I'm getting old and grey  
For me this will be like yesterday.

Hush little angel hush  
Rest your wings and close your eyes  
I'll be quiet so you won't wake up  
I'm sitting near with buttercups  
I'm sitting near with buttercups  
I'm sitting near with buttercups
