I'm what they call left behind
All of the other girls talking like they're so fine
I need to keep what I think to myself
I turn around hoping that everyone sees

That they're so clingy
They're so needy, yeah
They try to make it
Why can't they see that something's wrong

They try to fake it
It's not lying but real is gone

Girls fake girls to fake it
Best friends, boyfriends they wanna steal it from ya
Girls fake girls to fake it
We'll have to turn this down so they can get it

It could be worse outside
To take these matters into my hands not waste any
time
'Cause all the boys stand in line
Honestly, pretty in pink is just a state of mind

That they're so clingy
They're so needy
They try to make it
Why can't they see that something's wrong

They try to fake it
It's not lying but real is gone

Girls fake girls to fake it
Best friends, boyfriends they wanna steal it from ya
Girls fake girls to fake it
We need to turn it down, I just can't take it

Why do I hate 'cause at the end of the day
They use and abuse and then they throw you away
Singing girls fake girls to fake it
We'll have to turn this down so they can get it

We all --- bring out a better sight
It turns out we were wrong
A devious plan that they get when they first fake that
smile
That is going for miles until I asked myself

Why do I hate 'cause at the end of the day
They use and abuse and then they throw you away

Girls fake girls to fake it
Best friends, boyfriends they wanna steal it from ya
Girls fake girls to fake it
We need to turn it down, I just can't take it

Why do I hate 'cause at the end of the day
They use and abuse and then they throw you away
Singing girls fake girls to fake it
We'll have to turn this down so they can get it
