"I Could Be Waiting"

I could be waiting for a million years
Just to see her face
From a distant place
I wouldn't stalk her, just walk behind
Silently and dumb
Inviting her to come
Gentle and with grace
I'd walk her through the haze
Hollow, no one.

Someday, someday soon
I won't need this tune

If she'd be coming I hide in an open field
Hiding to be found
I know how that sounds.
I light the lanterns in my hollow tree.
Hang a few outside
Just to catch her eyes
And if I fall asleep
My heart will be outside, look after her.

Someday, someday soon
I won't need this tune
