You stole my love just to break my heart  
Into a million little pieces when I fell so hard  
But I'm over you  
Yeah, I'm over you

You said I'd be lonely one  
But it's no surprise to tell you that you were wrong  
I'm over you  
I found someone new

And I know that you've been running your mouth  
But I don't care

(I gotta tell you I'm...)  
Over you  
I'm done with feeling bad  
Over you  
So don't come crawling back to me  
On your knees  
Crying "baby please"  
I promise you I won't care

(And now you know that I'm...)  
Over you  
And everything we had  
Over you  
My life is back on track  
To where it's supposed to be  
I'm so happy  
You're calling but I'm not home

If a picture says a thousand words  
Then ours are probably screaming while they're getting  
burned  
I'm over you  
Yeah, I'm over you

Now I've got someone that actually cares  
More about his girlfriend than doing his hair  
I'm over you  
My smile is the proof

And I know that you've been running your mouth  
But I don't care

(I gotta tell ya I'm...)  
Over you  
I'm done with feeling bad  
Over you  
So don't come crawling back  
Till you're on your knees  
Crying "baby please"  
I promise you I won't care

(And now you know that I'm...)  
Over you  
And everything we had  
Over you  
My life is back on track  
To where it's supposed to be  
I'm so happy  
You're calling but I'm not home

You never believed in us  
You made me feel like I was never enough  
You never deserved my love, no

Over you  
I'm done with feeling bad  
Over you  
So don't come crawling back  
Till you're on your knees  
Crying "baby please"  
I promise you I won't care  
(2x)

And now you know that I'm  
Over you  
And everything we had  
Over you  
My life is back on track  
To where it's suppose to be  
I'm so happy  
You're calling but I'm not home
