"A Get Together To Tear It Apart"

I had a tension. I had a ten.
I was a better honey so I did it again.
Thought my intentions were better tried to put mind
over matter.
I lost my edge on things when I lost my head.
Hey that's what they say.
Don't you know they ain't never gonna help you anyway.
And it's a get together to tear it apart gave my middle
finger a brand new start.
I got a greeting can't say what it's all about but my
middle finger is gonna carry it out.
I got attention. I had a pen.
I made history honey and got "Please do it again".
But there is no chance I'm gonna do it again.
If you missed it the first time,
then it's nine to ten that you will again
and we're back at the end all over again
and then what can I say what can I do to you?
And they say hey. That's what they say.
Don't you know they ain't never gonna but I feel okay.
And it's a get together to tear it apart gave my middle
finger a brand new start.
I got a greeting can't say what it's all about but my
middle finger is gonna carry it out.
And it's a get together to tear it apart gave my middle
finger a brand new start.
I got a greeting can't say what it's all about but my
middle finger is gonna carry it out.
