you see the way my body moves
(boy your petrified)
really taking over you
(you've been electrified)
shock sent through your veins
a feeling that you can't explain

can't you tell it's getting hot
it's magnetic, got you locked
now it's started, there's no stop
I'm gonna hit you boy with all i got

electric, 10 thousand - volts
kicking into over drive
got my head down to my toes
I'm feeling so alive

(I'm so) electric, haha electric haha,
I'm so electric haha, electric haaa

a bird upon a power line
(you got a hold on me)
you come to me so now your mine
(don't get to close to me)
you know I'm burning hot like a blue flame
a current that i can't contain

can't you tell it's getting hot
it's magnetic, got you locked
now it's started, there's no stop
I'm gonna hit you boy with all i got

electric, 10 thousand - volts
kicking into over drive
got my head down to my toes
I'm feeling so alive

(I'm so) electric, haha electric haha,
I'm so electric haha, electric haaa

electric, 10 thousand - volts
kicking into over drive

got my head down to my toes
I'm feeling so alive

(I'm so) electric, haha electric haha,
I'm so electric haha, electric haaa
