(Intro)

S-I-N

I would give my life for you,  
You mean the world to me, baby baby baby baaaaaby  
Ooh, you know I love you (uh huh, come on, yea, yea)  
And i wanna be together so we can runaway (it's Nb  
Ridaz)  
Just me and you (same click new title), just you and me  
Will you runaway with me?

(Verse 1)

The day I wrote these words for you I cried,  
Could've died that day a happy and complete man,  
Cause in the palm of my hands everything I dreamed  
of or more,  
and you know that I'm down for yours  
forever in life.  
the reason why I made you my wife,  
because you see me for me the real me  
and love me unconditionally.  
and even with the circumstances that I had and you still  
gave me a chance  
and that's why I live and breathe for you and the kids,  
and you give me more than this fame could ever give  
me.  
and now my life is satisfied and complete,  
visions are coming true  
yeah of me and you.  
placing rings on each other's fingers saying I do.  
you stuck with Me through my thick and my thin.  
to go back and live life over again, nah this is my  
destiny  
it was worth the agony  
to get the xstacy.

(Chorus)

We can runaway and spend some time,  
I'll always be the one right by your side,  
tell the whole world you belong to me,  
you are my everything, ooh I wanna run away with you.

Doo do, doo do, doo do, doo do, doo

(Verse2)

I never ever met a shorty that was quite like you,  
and even though it was wrong i fell in love with you ,  
now we sit here not really knowing what to do,  
but im sure you that you know Id give the world for you,  
if I could runaway with you I wouldnt even think twice,  
I promise girl I'd put it all on the line,  
I know forever seems to be a long time,  
but thats what I'm seeing when I look into your eyes,  
and it dont matter what your friends might say  
cause I know deep inside you feel the same way,  
you can tell me what you want but I can read your mind,  
so quit lying to yourself and put your hand in mine,  
I get excited everytime you come close,  
and being right here with you is what I love the most ,  
so anytime your feeling lonely inside ,  
we can runaway together leave this world behind uh ,

(Chorus)

(Verse3)

Waking up in the morning and your still not there,  
Can't we runaway and escape somewhere,  
missing your soft touch your lips next to mine,  
holding up your hands as you look in my eyes,  
what must have happened to the love we both felt  
inside,  
emotions were strong and the feeling was right,  
now we don't speak anymore you went your own way,  
if thats what loves about then I was mislead,  
go ahead and take your time if that's what you need,  
my love for you's forever my heart for you bleeds,  
things happen for a reason so I ask myself,  
should I be strong and wait or move on to someone  
else,  
I know you still love me, I can feel it inside,  
you always kept it real no games no lies,  
if your ever feeling lonely feel the need to get away,  
call me up I'll be there together will runaway girl.

(Chorus)
