Were you everything to me or just all I knew  
She was right there for the taking  
The choice you wound up makin'  
Didn't understand it at the time  
I guess your love for me was deaf and mine was blind

And I wasn't even lookin' but there she was  
And I couldn't help but notice  
The girl was only half dressed  
Didn't think I'd ever change my mind  
But baby, you can't turn back time

Ever since you touched another girl  
I don't even know you anymore  
So just shut yourself right out the door  
It's like you don't exist inside my world  
Since you touched another girl

Ever since you touched another chick  
All your lies are really gettin' thick  
Just so you know I don't give a shh  
It's like you've been messin' up my world  
Since you touched another girl

Bottom line is, you can say you're sorry 'til you're blue  
Bottom line is, I don't care no more about what you do  
And, boy, frankly I don't wanna waste another breath  
on you

And I really don't know why I'm bothered  
Askin' why, listenin' to your excuses  
I wanna rewind 'cause now I know the truth is  
I'm better off alone

Ever since you touched another girl  
I don't even know you anymore  
So just shut yourself right out the door  
It's like you don't exist inside my world  
Since you touched another girl

Ever since you touched another chick  
All your lies are really gettin' thick

Just so you know I don't give a shh  
It's like you've been messin' up my world  
Since you touched another girl

I can't forgive this time  
I'm done pretending to be blind  
I'm letting you go, nothin' more to know  
I gave you my heart and I gave you my soul  
You just took it all and you just threw it all  
Out the window

Ever since you touched another girl  
I don't even know you anymore  
So just shut yourself right out the door  
It's like you don't exist inside my world  
Since you touched another girl

Ever since you touched another chick  
All your lies are really gettin' thick  
Just so you know I don't give a shh  
It's like you've been messin' up my world  
Since you touched another girl

Ever since you touched another girl  
I don't even know you anymore  
So just show yourself right out the door  
It's like you don't exist inside my world  
Since you touched another girl

Ever since you touched another chick  
You just seem like every other dick  
Just so you know I don't give a shh  
You need to get your ass up out my world  
Since you touched another girl, oh yeah  
Since you touched another girl, oh yeah
