Hear the birds, sing the words  
Just right, just the way I'd like  
To sing for you, if I could  
If only I could be so good

See the cars  
Passing by  
The same way you pass me everytime  
And I can't understand why  
But I still have to try

Oh, did it hurt when you fell from heaven on a one to  
ten?  
You're about a million, yeah  
I play it cool, but if I were true  
I'll be on my knees cryin'  
I'm a fool for you, girl  
What more can I say?  
And what more can I do?  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you

Here alone on my own  
It's not right  
I bet that you would like  
To see my home and all I own  
And you could be my setting stone

Heart is grown  
My cover blown  
I can't hide  
I put my fear aside  
And I just may die  
But I still have to try

Oh, did it hurt when you fell from heaven on a one to  
ten?

You're about a million, yeah  
I play it cool, but if I were true  
I'll be on my knees cryin'  
I'm a fool for you, girl  
What more can I say?  
And what more can I do?  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you

And when the sun falls down to catch a little of rest  
I will lay you by my side and know I'm blessed  
And in a world of broken dreams and empty promises  
I will do my very best to be your everything

Did it hurt when you fell from heaven on a one to ten?  
You're about a million, yeah  
I play it cool, but if I were true  
I'll be on my knees cryin'  
I'm a fool for you, girl  
What more can I say?  
And what more can I do?  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you  
I wanna be with you
