I've been around the city watching all the lights turn  
on  
And on the corner just another lap, I'm kind of  
concerned  
I don't see the checker flag and now I'm losing my way

The sun reflecting off the city makes my eyes burn  
Before I get to feeling guilty, well, the court is  
adjourned  
Now I'm never gonna stray that far again

Every choice I make is always endin' in the same  
mistake  
I'm through with making my own plans  
I'm like a feather in the breeze  
It doesn't matter where I land  
I've got the world to see  
I just wanna be free  
I just wanna be free

I walk around to the rhythm of a bird's song  
Eight o'clock in the park and I'm humming along  
Time to give my feet a rest but my mind travels on  
Contemplating how they ever even learn to sing  
I join in but they all seem better than me  
Wonder how it's even possible but then I see

Every choice I make is always endin' in the same  
mistake  
I'm through with making my own plans  
I'm like a feather in the breeze  
It doesn't matter where I land  
I've got the world to see  
I just wanna be free  
I just wanna be free

Coz I'm free  
Coz I'm free  
Coz I'm free  
Coz I'm free

I'm through with making my own plans

I'm like a feather in the breeze  
It doesn't matter where I land  
I've got the world to see  
I just wanna be free
