Lately I've been lying awake  
And thinking about how everything changes  
Never say never, we've got forever  
I am a mess, without question  
But when I'm with you it feels like perfection  
Don't you know, I need you so, oh, oh  
When you love me  
I leave my worries behind me  
I see the world as it should be  
You see me just as I am  
I'm alive when ever you lay down beside me  
Closer with every heart beat  
I give you all that I am  
Come to me with your heart wide open  
And we say so much with words unspoken  
Where ever you go, there I will go too  
And I can't imagine life without you  
Don't you know, I need you so, oh, oh  
When you love me  
I leave my worries behind me  
I see the world as it should be  
You see me just as I am  
I'm alive when ever you lay down beside me  
Closer with every heart beat  
I give you all that I am  
When you love me  
I leave my worries behind me  
I see the world as it should be  
You see me just as I am  
I'm alive when ever you lay down beside me  
Closer with every heart beat  
I give you all that I am  
When you love me
