Hold on to your girl, hold on to your girl  
sky, talay, wooh  
uh oh heaven's there she goes  
angel wheres your halo  
I should take you hooooome  
You're the cutest thing these eyes have seen all night,  
that's why I want to take you home with me if you like,  
we can jump in the wagon, anything can happen  
you plus me puts the world in a casket,  
tell you how my plan goes  
we can go to nando's  
make it extra hot, I aint tryina be your man, no  
Uh, oh heaven's there she goes, angel where's your  
halo,  
I should take you hooooome,  
take you with me, I'll give you this and that whatever  
you dream of,  
when the mist is clear, i'll be as good as gold,  
I'll be as good as gold, I'll be as good as gold,  
You say you got a man and you don't wanna break his  
heart  
and I can understand that, but me and your man are  
hundred miles apart  
break it down  
he could take you local, I could make it global,  
I'm a grilled steak and your man's like tofu,  
swag's off the richter, baby get the picture

windows 98 aint shit next to vista.  
Uh, oh heaven's there she goes, angel where's your  
halo,  
I should take you hooooome,  
take you with me, I'll give you this and that whatever  
you dream of,  
when the mist is clear, i'll be as good as gold,  
I'll be as good as gold, I'll be as good as gold,  
I met her out in paris by the Eiffel tower,  
helped her with her bags,  
smiling and she felt the power  
I was there for business, she was shopping  
we swapped eleven digits and then we got to talking  
then we got to walking

then we got to touching  
then we took it to that level there ain't no discussing  
SHHH  
you know me and women, if I say she spent the night  
then that means I hit it  
it means I hit it proper, gave her a heart transplant and  
sent her to the doctor  
but lady here's the offer  
true the way your body shining with your gold skin  
third finger on the left, diamond in a gold ring  
Take you with me, I'll give you this and that whatever  
you dream of,  
when the mist is clear, I'll be as good as gold, I'll be as  
good as gold,  
ill be as good as gold, gold, gold, gold, I'll be as good  
as gold, gold, gold,  
ill be as good as gold
