All gentlemen and ladies beware
A humanoid has escaped
His descriptions un-parrel and too much contain
Oh yeah, oh yeah

Danger awaits
Every single vessel you see
Humanoids are flirtatious
And outrageously hard to beat, oh yeah

So keep you eyes open

If you see him you should let him know
We love you, we'd love to
Take control of what you are and use it to screw with
Every single beating heart

Zoom into the future
Light year speed like a super
Me and you are not the same
I travelled from outer space

I'm a humanoid
(No, I'm not like those don't you no)
I'm usual
(No, I'm not like those I run this show)

I, I, I can't be destroyed
'Cause I'm a humanoid
(Noid, noid)

All freaky little ladies beware
This humanoids coming fast
Heavy bass makes tremble
As I give that body a scan uh, huh, mm

Super sexy invader
Bout as hard as titanium
So complex I appear a U.F.O to an alien
Oh yeah, uh huh

If you see him you should let him know

We love you, we'd love to
Take control of what you are and use it to screw with
Every single beating heart

Zoom into the future
Light year speed like a super
Me and you are not the same
I travelled from outer space

I'm a humanoid
(No, I'm not like those don't you no)
I'm usual
(No, I'm not like those I run this show)

I, I, I can't be destroyed
'Cause I'm a humanoid
(Noid, noid)

Humanoid
(Noid Noid)
Let's go
Humanoid
(Noid Noid)
Ohh

We love you, we'd love to
Take control of what you are and use it to screw with
Every single beating heart

Zoom into the future
Light year speed like a super
Me and you are not the same
I travelled from outer space

I'm a humanoid
(No, I'm not like those don't you no)
I'm usual
(No, I'm not like those I run this show)

I, I, I can't be destroyed
'Cause I'm a humanoid
(Noid, noid)

Humanoid
