I won me a mockingbird, a mockingbird, a mockingbird  
I won me a mockingbird, when I gambled all night long  
Mockingbird was squaking bird, squaking bird,  
squaking bird  
Mockingbird was squaking bird, squaking all night long  
I tried for the money  
And I just wasn't able  
Had two more drinks and then  
I slipped under the table  
And she mocked me all night long

Drinks served by a Chinese girl, Chinese girl, Chinese  
girl  
Drinks served by a Chinese girl, Chinese all night long

She said "You can look my boy, see you can't touch  
You got a jack a five and a couple of threes  
I got the royal flush"  
She mocked me all night long

I won me a mockingbird, a mockingbird, a mockingbird  
I won me a mockingbird, when I gambled all night long  
Mockingbird was squaking bird, squaking bird,  
squaking bird  
Mockingbird was squaking bird, squaking all night long

I tried for the money  
And I just wasn't able  
Had two more drinks and then  
I slipped under the table  
And she mocked me all night long
