"Music When The Lights Go Out"

is it cruel to be kind not to speak my mind and to lie to
you rather than hurt you
well ill confess all of my sins after several large gins
but still ill hide from you, hide whats
inside from you
and alarm bells ring.when you say your heart still
sings.when your with me, oh darling please
forgive me
but i no longer hear the music oh no no no no
and all the memories of the pubs and the clubs, and
the drugs and the tubs we shared together
will stay with me forever..
but all the highs and the lows and the to's and the fro's
they left me dizzy oh wont you please
forgive me

but i no longer hear the music oh no no no no

well i no longer hear the music when the lights go out
love goes cold in the shades of doubt the
strange fate in my mind its all too clear, music when
the lights come on the girl i thought i
knew has gone, and with her my heart it dissapeard

well i no longer hear the music oh no no no no and all
the memories of the fights and the nights
and the blue lights and the kites we flew together i
thought theyd fly forever

but all the highs and the lows and the to's and the fro's
they left me dizzy oh wont you please
forgive me

but i no longer hear the music oh no no no no

well i no longer hear the music when the lights go out
love goes cold in the shades of doubt the
strange fate in my mind its all too clear

i no longer hear the music when the lights go out the

girl i thought i knew has gone and with
her my heart has disapeard
but i no longer hear the music oh no no no no and i no
longer hear the music
