Here it comes again  
Mesh of warmth travels up my neck

Morning dawn uncoils itself in mirrors  
Stare back at my reflection

When I'm alone, I'm alone at night  
I want winter to fall on me  
And I'm alone, I'm alone in flight  
I am free of equity

Where did I go wrong?  
I've got a sneaking suspicion that I'm under  
A kindred connivance  
I'm written in runes

Here it comes again  
Malady of Veda in your ears

Flood the class, adorns your lips  
I can't stop myself because

When I'm alone, I'm alone at night  
I want to set my father free  
And I'm alone, I'm alone in flight  
My mother holds the lock and key

Where did I go wrong?  
I've got a sneaking suspicion it ain't over  
A kindred connivance  
I'm written in runes

Long way (it takes) patience to drown  
Little prayers that you won't say for me  
Long way (it takes) patience to drown  
Spin through my spiral, I dance dwindling

Long way (it takes) patience to drown  
You call me, I answer and all I can do is obey

Long way (it takes) patience to drown

I can't hold my breath for this long

When I'm alone, I'm alone at night  
I wanna set my father free  
And I'm alone, I'm alone in flight  
My mother holds the lock and key

Where did I go wrong?  
I've got a sneaking suspicion it ain't over  
I won't let you, I won't let them  
Set me to repeat
