Dum, dum dum...

Don't let them tell you that in love there's no pain
If that's what you think then you got it wrong
I see now that I'm a victim of a game
I now I should chill but I can't seem to
This girl has got a hold on my deeper side
Somehow got to know what's in my mind
I've got feelings but you're still as cold as can be
It's now time baby to stop making a fool out of me

Dum, dum dumâ€¦.

I think it's time that you would changing your ways
Baby you're driving my crazy
Ain't nothing wrong being a sensitive man
You're telling me to chill but I don't want to
This girl has got a hold on my deeper side
Somehow got to know what's in my mind
I've got feelings but you're still as cold as can be
It's now time baby to stop making a fool out of me

Dum, dum dum...

Constantly waiting I'm still alone
What are you trying to prove
When will you make yourself to be known
Baby I'm talking to you

Dum, dum dum
(What are you doing to me?
My baby baby baby
Do you like what you see?
Do you give a damn?)

What can I say.. what can I do?
