Sitting and wishing on you baby
Hoping I could change your point of view
I don't wanna hear no buts or maybes
I need a positive reaction from you

I'm thinking it's about time
For me to get mine
Give me some sign (I'm still waiting)
You don't need to hold back
This ain't no contract
This is a two way love attack

So baby I'll take it nice and slow
If you just say yes and don't say no
I'll take you to the high you want to go
I'm needing you to just say yes and don't say no

Lets not wait until tomorrow
I don't wanna end this memory
I refuse to live within the sorrow
Now when I know, I know we're mend to be

I'm thinking it's about time
For me to get mine
Give me some sign (I'm still waiting)
You don't need to hold back
This ain't no contract
You can't deny this perfect match

So baby I'll take it nice and slow
If you just say yes and don't say no
I'll take you to the high you want to go
I'm needing you to just say yes and don't say no

I always knew that it would happen (happen)
And baby it would keep it moving
Nothing can hold us down (girl are you listening?)
Are you hearing what I'm saying?
Tonightâ€¦.

I'll take it nice and slow

If you just say yes and don't say no
I'll take you to the high you want to go
I'm needing you to just say yes and don't say no

Cuz Baby I'm waiting for your love and..
Tell me what am I supposed to do?
Tell meâ€¦!
I'll take you take you to the high you want to go
I'll take you to the high
