"36/24/26" by Pajama Slave Dancers once again  
from "Heavy Petting Zoo" 1989  
She came to my house  
just the other day.  
My mom didn't like her.  
Well that's okay.  
Read about here in a magazine.  
Said she's the girl  
Of my wettest dreams  
She's 36/24/36  
She's 36/24/36  
She's 36/24/36  
She loves to party - Oh what a doll  
What she doesn't know I show her how  
Well we never argue and we never fight  
Since I get her she's spent every night  
she's 36/24/36  
She's 36/24/36  
She's 36/24/36  
And her name, her name is Lulu  
to start her up I blew a  
nd I know our love is ture  
as our love it grew and grew  
My Mom found her hidden under my bed  
jabbed her with a pin and now she's dead  
That girl was great, that girl was fantastic  
Imagine how she's be if she wasn't made of plastic
