(Music: Pell) (Lyrics: Pell/Rock) 3.21  
She's only fifteen and she drives you nuts  
She's walking down the Lane  
and you're going insane  
Her eyes like the sun in the sky, oh  
they're blinding your heart and your mind  
Fighting the law  
Fighting the law, you've gotta let go  
Fighting the law  
Fighting the law, oh no!  
She's wild and willing,  
but she don't understand  
a touch of evil, and it's out of your hands  
she shines like the sun in the sky,  
oh yeah  
she's blinding your heart and your mind  
Fighting the law  
Fighting the law, you've got to let go /  
you've got to escape  
Fighting the law  
Fighting the law oh no! /  
you're caught in a rage  
Solo  
Fighting the law  
Fighting the law, you've got to let go /  
you've got to escape  
Fighting the law  
Fighting the law oh no /  
you're caught in a rage
