Round + round wheels

R turnin!

All your life,

U been fighting 4 the day,

2 take the spotlight,

+ steal the tunder,

+ no one's gonna take

This time away.

It's all part

Of the passion,

Goin' all the way.

Wheels rolling on,

+ they keep on turnin',

Wheels rolling on,

It's an everlasting road

That's here 2 stay

It's your time,

It's your destination,

Though u know that your

Back's against the wall.

But the lights are callin',

The night is screamin',

+ now it's all 4 one

+ one 4 all.

This night will last 4 ever,

Don't let it get away.

Wheels rolling on,

+ the night is burnin',

Wheels rolling on,

Your heart is yearnin'.
