Siiri:

Brother and sisters!

All I want...

All I want...

All I want... is to be with you

All I want...

I think we know what it's about

What doesn't show makes room for doubt

Maybe in time we get it right

But it feels like everyone's gone

Everyone's gone away

All I want... is to be with you

All I want...

All I want... is to be with you

All I want...

Lauri:

I think I owe an apology

But I'm sorry I can't find words to say

Siiri & Lauri:

I've got the wine, I've got the glass

But it feels like everyone's gone

Everyone's gone away

All I want... is to be with you

All I want...

All I want... is to be with you

All I want...

There's people everywhere and I'm all by myself

When I try to say "HELLO" they don't recognize my face

Maybe in time we get it right

But it feels like everyone's gone

Everyone's gone away

All I want... is to be with you

All I want...

All I want... is to be with you

All I want...

Maybe in time we get it right  
It's all I want
