### "Bullet"

I think I should go and leave you alone, yeah.  
Stop this game and hang up the phone. And more.  
I should go into the night alone and get inside of the  
cyclone.  
It's like I wanted to break my bones to get over you.  
'Cos if I stay I'm number two anyway.

Like a bullet you can hurt me, take me, brake me.  
Like fire you can burn me, convert me. Like a bullet you  
can hurt me.  
I can't believe it when my friends say:  
Take it easy, don't you worry about the rainy days.  
Like fire you can burn me, convert me. Like a bullet you  
can hurt me.

You say there are so many things going on in your life  
now.  
It's so very hard to find time for me.  
And you say: Do you believe in the destiny?  
This is the way it was meant to be.  
I gotta leave to make you see I'm over you.  
'Cos if I stay I'm number two anyway.

Like a bullet you can hurt me...

Maybe I'm blind, forever young.  
Don't get me wrong, I don't belong here.  
Like fire you can burn me.  
Like a bullet you can hurt me

Like a bullet you can hurt me...
