Fate lies ahead,  
like the sun will rise.  
The light has been gone  
far too long  
from your eyes.

But you never changed, never  
played in your part.  
And you have erased all the fear  
from your heart,  
and tried to forget.

[Chorus]:  
The light in your eyes keeps  
fading out.  
The night's falling deeper  
in the heart.  
Hiding the truth and  
crashing down,  
my baby's a dancer in the dark.

You've seen it all.  
You don't mind going blind.  
You've seen it all,

all the wonders of life.

Run to your boy,  
don't conceal your scars.  
Run to your boy;  
let him feel your love  
before it's too late.

[Chorus]  
Your sight in dying but you keep  
on trying to save your boy.

You keep on lying, but your false  
illusions will be destroyed.

You heard it calling but you

turned your face never  
played your part.

You heard it singing but you  
danced away like a falling star.

[x3]: Dancer in the dark.
