I'm not a superhero, no
But I can fly above a storm
I'm not the richest guy in the world
But I've got something more

I am waiting in the wings of my Savior
To fly above the clouds, oh, oh yeah
I'm drinking deeply of heaven's pouring jars
The rain of His rich has poured out

You're lifting me up, I'm laying me down
I'm rising above and I'm seeing it now
My heart's pounding up, my vision refined
The string that is flowing deep from inside is the hand
of the Divine

You're lifting me up
I'm laying me down

My words may not be eloquent
But when I speak the lion roars
I'm not the strongest or bravest man
But armed with truth I will war

You have sent my spirit in motion
Filling my soul with Your plans
And as I marvel at Your devotion
I humbly step in to Your hands

You're lifting me up, I'm laying me down
I'm rising above and I'm seeing it now
My heart's pounding up, my vision refined
The string that is flowing deep from inside is the hand
of the Divine

I see a miracle each day
Your splendor clearly on this land
Now my view has turned around
Favor from Your well, no bounds

They ask me how, they ask me why
Only the hand of the Divine

You're lifting me up, I'm laying me down, yeah

My heart's pounding up, my vision refined
The string that is flowing deep from inside is the hand
of the Divine
Yeah, [Incomprehensible]

My heart's pounding up, my vision refined
The string that is flowing deep from inside
Is the hand of the Divine
