### "My Oh My How Time Flies"

Visit "[My Oh My How Time Flies](#)" on MotoLyrics.com

You came walkin' right on into my arms  
Time was never really the same  
Stuck in slow motion never got me that far  
Now love is livin' in the fast lane

Minute by minute, so much to say  
I look up to see another hour slippin' away  
Soarin' ever higher on the wings of a dove  
Well my oh my how time flies when you're in love

Well my heart's beatin' at the speed of your touch  
It's racin' in and out of control  
Now forever doesn't seem that long enough  
To hold you close and never let go

Minute by minute, so much to say  
I look up to see another hour slippin' away  
Soarin' ever higher on the wings of a dove  
Well my oh my how time flies when you're in love

Well minute by minute, so much to say  
I look up to see another hour slippin' away  
Soarin' ever higher on the wings of a dove  
Well my oh my how time flies when you're in love

My oh my how time flies when you're in love
