I woke up with you on my mind  
No place to run no place to hide  
No matter how I tried to set you free  
You were still there haunting me

I promised myself I'd get over you  
But that was a year ago and we're not through  
I'm gonna start living  
Gonna start anew  
Gonna spread my wings and fly from you

I'm gonna give you back  
All the hurt you gave  
Gonna give back the tears  
And all the wasted days  
All the false hope and promises too  
Well here it is right back at you

You bring me up just to bring me down  
Well I've had enough of hitting the ground  
I'm gonna pick myself up and walk away today  
Now you'll know how I felt when I begged you to stay

I'm gonna give you back  
All the hurt you gave  
Gonna give back the tears  
And all the wasted days  
All the false hope and promises too  
Well here it is right back at you

I'm gonna give you back all the heartache too  
Well here it is, right back at you
