Finger getting pricked, hell mary burn
You now a made man block script you can earn
This a paid plan got a brick you can serve
I'm in my raubans drop 6 near the curve
Shawty got curves, head touch her butt
And it's all hers, kim kay clutch
Kanye heels, bottle stay chill
... watch on, left the stain still
Flow cinematic, nodes I've been a savage
Loafers linen jackets, hostess with denim fabrics
All white... on the sofa, I'm sitting lavish
Condo with... came designed by lenny kravits
Ah, p got that 8 p on, watch sicker than sweeper with
the ac on
Got big I showbiz and ag on
I don't tweak sibilimials, I at homes

[Hook]

Call me crazy shit at least you're calling
Feel better when you let it all gone it girl
Know it's easy to get caught up in the moment
When you say cause you mad and you take it all back
Then we fuck all night till things get right
Then we fuck all night so things get right

Shawty so fine, pussy so fresh, dice pine apples that
my baby test the best
I nearly lost my mind, gotta say was a test
Swipe off her off her feet and when in board bought
her a lex
Paid it off cash so I never wrote a check
Leave my cars at the crib, I'm just stunting on that x
Pussy's excellent and I know she sounds a mess
I love to make her toast curl as I'm licking on her flesh
Sex all night, couple shots of sirock
Crib on the water, got lebron up the block
Money ain't a thing baby welcome to the mall
Dice pine apple, talking diamonds by the jar
Bitch so bad got me wishing I can sing
A uniform Isabella... when you on the team
Double mg them other niggas fell off

Baby girl I just wanna see you well off

[Hook]

Call me crazy shit at least you're calling
Feel better when you let it all gone it girl
Know it's easy to get caught up in the moment
When you say cause you mad and you take it all back
Then we fuck all night till things get right
Then we fuck all night so things get right

Shawty so fine, pussy so fresh, diced pineapples
I just bought my girl a set
I know my lifestyle wow, I do it for the sex
She know how to make me smile, she do it for the sex
Pop bottles, make love, thug passion
Red bottoms, mark Claire, high fashion
Belt buckles, door handles, gold plated
Bo man, rich denim, out vegas
French Riviera, baby girl let's take a trip
On my trip, go to... to catch a flick
Baby listen, disposition is a blessing and with your
permission
Hopefully you'll learn the lesson
I'm so fly that I shouldn't even walk
She's so fine that she ain't even gotta talk
Diced pineapples talking diamonds by the jar
She ain't never wrote a song but I know she is a star

[Hook]

Call me crazy shit at least you're calling
Feel better when you let it all gone it girl
Know it's easy to get caught up in the moment
When you say cause you mad and you take it all back
Then we fuck all night till things get right
Then we fuck all night so things get right

Suck my batta, prolly can't live without her
Roll up some sour, let me kiss on the fountain
Mission accomplished, you increasing your heart rate
And I would never rest, we meet at the peak of your
mountain
Eager to show you, thinking that I should know you
You eager to work, perfect, I can employ you
Designer shit spoil you, rubbed down with the oil
To get on a higher tree, you gonna have to climb a
sequoia
Hold up, you showing off, some Asian baracka tour
Rushing you out your drawers, though patiently get you
off
Hate when they get you anxious, still hate when they
get you...

How sweet is you, let me see some proof
Fuck making pussy talk, I'd like to make it sing a tune
All we need is wing, we don't need no room
Right now I'm tryina eat, and we don't need a spoon

[Hook]

Call me crazy shit at least you're calling
Feel better when you let it all gone it girl
Know it's easy to get caught up in the moment
When you say cause you mad and you take it all back
Then we fuck all night till things get right
Then we fuck all night so things get right.
