Where them bricks, peas and that cake at?  
These streets you ain't safe at, where that safe at?  
That cash route, put the lash out, just straight blast  
Back out with that strap out, no face mask  
Gangsta/d boy, built the hustle that d boy  
Fuck a tassel with C4, I'm in the cotton bubble like t loy  
Show the struggle I'm p noid, p89, my 8 p on  
Done made a lot without street noise  
Move barry white with no deep voice  
Spit facts, lost the dice into head cracks  
Came back in that dred hat, with 2 pistol hats what I  
spread that  
Talking niggas I'm fed at, always talkative where them  
feds at  
Walked in the crib, where your fat ass at?  
See you eating good, where that bread at  
For life though, Cuban link vs ice glow  
Hit the strip with that white flow  
And get rid of weight like lightbulb  
You could spit but I'm nice you, got weight more I need  
8 more  
Tell me shit that I ain't know, like when they letting...go

Gangsta!

2 young niggas in an unmarked car  
Seatback so far with a mac on gar  
Master putty in an old black skully,  
In a gun no fully pulling up in your dark  
Kicking in the door, waving the .44, choke cold your  
hoe  
To the safe we go,  
Lay down, head down then we all go foke  
Show me where that money that green got dough  
Before I leave your brain on the bedroom floor  
Click, click, shoot, shoot, nigga that's free throw  
Throw life repose, when a nigga reload  
Won't miss kobe with his black 2 4's  
Sacks, put the money in a dustbag,  
Load it up in an ounce, just relax  
Gangsters, niggas don't make us,  
Send them hatious, meet your maker, love  
Still pray for you pussy niggas, walk around like I'm  
Godzilla  
Best friends with some cold killers, hold the choppa  
like a new boy  
Guess who is that baby sitter  
Want a problem, come get it in  
Black boy in that chinchilla,  
Me boy, me boy, play with mine you get destroyed  
Inhale while I count money, rose voice I've been bout it  
Top shotta, kilo round my fuckin collar  
That nigga, them niggas, my nigga
