I don't know you what's your game again?  
Oh you, this nigga back to count the change again  
Word, just came out to court the body gotta change  
again.

What's good now pop, you and the hood now ho  
You think the shit sweet like they don't get down harm  
I've seen you when you creep you try to hit down son  
But he ran that's when you told us amidst to get down

You think you all lack the shooters shit now huh?  
You need to fall back before you get fowl humble,  
No lob, war from the [?] you need to skip down done  
It's a job, and none of the guys I gotta get pounds from  
Get em out, will string the bell shit, bullets hurt and it

He felt quick, shots in his pelvis, nigga Elvis,

In the pocket lot of the celtics, [?] and got Boston  
problems,  
That George young up and down shit, we force them

They told em no come around, can't walk in hollum  
So we move walk down every block floss in on em.  
(Who's bad?)

[Hook:]  
Niggas wasting their time, I gotta get mine,  
All day on the grind, I gotta get mine,  
Bitch nickles and diams, I gotta get mine,

Yeah I gotta get mine, you already know Slime.  
Niggas wasting their time, I gotta get mine,  
All day on the grind, I gotta get mine,  
Bitch nickles and diams, I gotta get mine,  
Yeah I gotta get mine, you already know Slime.

All over sudden niggas tough you know that ain't good,  
Finding on the block, much that mean I ain't hood,  
Paid it for like AZ but ain't wood,  
I play to role gold they PM a straight bull,  
3 80 pool, waving that at your students,  
Youngers ain't got the heart old, niggas was making  
them shooter,  
It was pumping if I'm from the start old,  
Niggas making me moving, breaking the day in the  
pock on,  
Niggas drinking the [?]  
Playing card cars [?], most haters the movement,  
I'm from A life you could lose it,  
You bring the mike I'll abuse it,  
I'm dumb nice that I'm stupid, so retarded you  
garbage,  
I fuck with none of your music,  
On your carpet departed, that's only done with the  
shooting,  
Don't worry bout it, I got it,  
I hit em once in his duices, peace  
I always come in exclusive, don't put me on,  
Never wait on love for the new shit.

[Hook]

I gotta get mine, you gotta get yours  
I gotta get mine, you gotta get yours  
I'm trying get mine you should be trying get yours  
Stop watching mine 'cause I'm not watching yours,  
Nigga I'll call, nigga I'll call, nigga I floss  
I have all the woods out, black hoods out,  
Nigga I'm good out, go to good out,  
'Cause I don't give a fuck like going wrong,  
Eye pulls out.
