FBI wanna check our flat
Tel the youngsters you can pomp
Get money we respect our blocks
We got muscle to protect our nuts
Crow shut we are drinking ..
I collect time watches gold model
.. same colors or .. model
.. old stories .. tell novels
.. uptown you can find the slams there .. no jews no ice
To shine right here marijuana went the beat knocking
.. my niggers are always on the run
,fill them kill them
Tell your people only thing it leads to
,fill them kill them
Tell your people only thing it leads to
I see how the game shade niggers like bitches
They wanna be the main lady .. take Asians .. you ain't
shaking
.. is hard to get .. shut at the stocks .. get your car spin
Press poppy for .. make sure that the price right don't ..
Was out of town with my nigger ..
,fill them kill them
Tell your people only thing it leads to
,fill them kill them
Tell your people only thing it leads to

Thanks to feel
