[Intro: Vado]

Most hated  
Frank Sinatra

[Verse 1: Vado]

I keep a swisher 40 de-roll  
Walking down the block like I'm bishop 40 below  
Tell em get your forty of those  
We hit em before they close  
A quarter if it's forties pros  
I'm on T I'm gone with those  
Rollie arm is froze with no heat Ma it's cold  
Played the block like Ebaka's Role  
Me and G wal like OG, one and Hov  
Every brick we forty-forty on it  
20 go to the click make sure that shorty want it  
Aint maddest lips when it lip  
Like when you blow a trumpet  
Don't want your shift on the strip  
Make sure you throw him something  
Rueger tight, none of my shooters fight  
They stop do the dice I win some lose a life  
My muta light boy I better and I don't do the ice  
My shoes is Mike, rugby sweater with Freddy Krueger  
stripes

[Hook: Vado]

No Turning back I'm here now  
Rugby shut down, what you gon wear now?  
Nigga fuck style cause I don't care now  
But let me spit some shit to bring your ear down

[Verse 2: Vado]

What's all the commotion?  
Put the pier in the ocean  
Dress to sensitive put away your emotions  
Hit with the vulture and I don't care if you focus  
Clip and the tray life like roaches where the smokey?  
When the work run then holla at me  
You need work done? then holla at me  
Word to my first son, you white collar happy

Put my paws on the powder then call that powder  
scrappy  
There's no love in hip hop  
Punch his throne I bombs it like the brother of Hip Hop  
Step down off the yacht LV duffle with flip flops  
Switch the hustle I dip locks  
Hope you muscle in tip top  
Ran outta squares you outta shape  
Like years me mask off and take what out the safe  
We only let gats off when things get out of place  
By the waste my niggas keep it like shit is not a case

[Hook]

[Verse 3: Vado]

Talk my nigga  
Yeah I was running things on this court  
YaÂ'll wouldn't be able to walk my nigga  
What you thought my nigga?  
Wonder why your money aint tall?  
That's cause your mind think short my nigga  
Fought my nigga  
Who? what you do?  
YouÂ's was never that  
Who you shoot?  
Who you screw?  
Let me measure that  
Which you move? One or Two?  
Where ya fellas at?  
Hit your crew, one or two boy
