[Verse 1: Vado]

Iâ€™m on the dark street with different men
Iâ€™m ignorant, shoot the car seat that your infant in
Applebyâ€™s, we rap beef when itâ€™s sizzlinâ€™
Iâ€™m listeninâ€™, hear your heart beat and you shiverinâ€™
Wanna catch wreck, then pull it
Prefer to kill yâ€™all with more success than bullets
Goinâ€™ for your tek, you shouldnâ€™t
You tried to sleep on me, so I slept with his woman
Then you wonder why they hate this
Told Lisa, put my name on the â€œI ateâ€ list
Red carpet, A-List
Bâ€™s and Câ€™s movinâ€™ D on that L.A. strip
That Lennox Ave, all day shit
Closed mouths donâ€™t get the Feds so we donâ€™t say
shit
We tryinâ€™ not to break shit
Load â€™em up, his gas money, have a safe trip

[Hook: Vado]

Iâ€™m in a daze right now
Sippinâ€™ Don Julio with the gaze right now
Iâ€™m in the Range right now
I donâ€™t know half these niggas on the stage right now
Hustle to the grave right now
Serve part of what gutter in the cage right now
Feel like Iâ€™m in a maze right now
Only hit autobahn for the haze right now

[Verse 2: Vado]

As I sit in Lorrain ventinâ€™, the pop goes
Cigar smoke, grippinâ€™ that thing, itchinâ€™ to pop toast
Been interogated and I spoke
Iâ€™m from where it ainâ€™t a Rolls Royce when niggas
got Ghosts
Niggas cominâ€™ home to nothinâ€™
Mad at life cause a nigga grown with nothinâ€™
Not to brag type but this old Rollie is frontinâ€™
Swagged on the dice like every roll is nothinâ€™
My 3-year-old is somethinâ€™
Always grumpy like you gettinâ€™ old or somethinâ€™

Let me hold somethin' up, you hear that more than
what's up
They think you more than up cause they see the
foreign, it's tough
Poker face, callin' your bluff
Russell Simmons the block, cause every morning's a
Rush
Y'all niggas boring to us
Don't even know who you are, y'all ain't important
to us

[Hook: Vado]

[Verse 3: Vado]

I'm in a daze right now, blaze right now
Judge throwin' the book and every page right now
Can't even look, feel the pain right now
Gotta me shakin' like Pook, off the 'caine right now
Same right now, I need the game right now
'Nough fiends to take over the game right now
Niggas was hot, but they ain't right now
Speakin' of hot, I'm on my way to the bank right now
