What dat mouth do, tell me what dat mouth do  
Cause I don't really know nothing about you  
Got that freak in, well I'ma get it out you  
Let her eat it up, then I leave her with the mouth full  
... breaking down the ...key, rappers getting shelf  
You can find them down in Alpes  
Second ... the belt, new style with the crown...  
Child please we gonna ball, we fall like brown leaves  
Now please let a nigga eat, eat  
Every bit in peace, long table, bigger feast  
Got her wiping hey forehead, this kid a beast  
Now I need more head, don't even speak

Make it bounce, move, make it bounce, move  
Drop it low like ain't nobody around you  
Let them know who the queen so they could crown you  
They trying to hound you but what dat mouth do, what?  
What dat mouth do, tell me what dat mouth do  
What dat mouth do, tell me what dat mouth do  
What dat mouth do, tell me what dat mouth do  
What dat mouth do, tell me what dat mouth do

We not the fucking around crew  
Bell ring round 2, 200 bottles around you  
Ain't trying to hound, use enough money to drown you  
Club ... like what dat mouth do  
Sicker than your average,  
Keep a bad red bone, all you fuckers average  
Red bottom...look at how we swagging  
Court side sitting with a cuban like the mavericks  
Shooting out to Paris, I'm on way to AP  
Always in ... how the ...play...  
Swiss on the arm, everywhere like the ...  
Love me or you hate me, let's take it to the ... key

Make it bounce, move, make it bounce, move  
Drop it low like ain't nobody around you  
Let them know who the queen so they could crown you  
They trying to hound you but what dat mouth do, what?  
What dat mouth do, tell me what dat mouth do  
What dat mouth do, tell me what dat mouth do

What dat mouth do, tell me what dat mouth do  
What dat mouth do, tell me what dat mouth do

Rolling up car ...I'm super high,  
Got my face all dumb like that stupid guy  
Every ... g'd up, we up, I'm a d boy, you a d cup  
...on my iPad in the lobby watching some peanut...

Make it bounce, move, make it bounce, move  
Drop it low like ain't nobody around you  
Let them know who the queen so they could crown you  
They trying to hound you but what dat mouth do, what?  
What dat mouth do, tell me what dat mouth do  
What dat mouth do, tell me what dat mouth do  
What dat mouth do, tell me what dat mouth do  
What dat mouth do, tell me what dat mouth do.
