weeeeeeeeell the poopsmith he could talk (hello)  
and marzipan would rock  
and the stick would be this big ol' tree that would try to  
eat everyone but the cheat and me (and me)  
we'll see  
and the king of town would be under ground in a box  
filled up with peas (i hate peas)  
i know  
and bubs would sell flamethrowers that shot chololate  
hundred dollar bills (imatation chololate)  
and my stupied baby brother, would have been born  
with horns and a tail (i'm evil)  
and coach z would would wear the school jacket (check  
it out yo)  
and homestar just couldn't hack it (i quit)  
and pom-pom wouldn't change at all, but he would look  
like an ABA basketball  
and this little weirdo, would be a modestly hot girl, to  
help me through the hard times  
you know the kind that are kinda sorta hot so they don't  
mess around with other guys  
(i'm forever your girl)
