### "Electricityscape"

Oh with strangers to impress so near  
Old friends don't realize I'm here  
I wish two drinks were always in me  
I'd pretend I had the perfect day

Take me to the water  
Make me understand  
That I was wrong

For me tomorrow is my first day  
So please don't tempt me in the wrong way

It's almost after midnight  
I can see the city lights, we're here.

Change your mind tonight  
You belong to the city now  
and you're closer now, I know  
You belong on the radio

I swear I'll give it back tomorrow  
But for now I think that I'll just borrow  
All the chords from that song  
And all the words from that other song I heard  
Yesterday

Change your mind tonight  
You belong to the city now  
And you're closer now, I know  
You belong on the radio

I will not disturb you  
I was just returning you a compliment
