With all the noise above
He tried to call his name,
The trial would go on,
The day has just begun!

Living in an empty world!
Living in an empty world!
Living in an empty world!
Living in an empty world!

The diamond cuts her eye
The crowd behind went wild
They weren't all that proud
By now they hear it loud

Living in an empty world!
Living in an empty world!
Living in an empty world!
Living in an empty world!

I'm ok, I'm alright
I was out late last night
Empty world, Empty world
I will wait one more night
