Say it all, just get it all off your chest
Shake it up 500000 times
Say no more, we don't believe anything
Teenagers of all ages

Baby, show me where to go
Some things I don't want to know
Baby, tell me if you're sure
Out all the time

Say it all, I'm not awake anymore
Changed my mind, 2000 times before
Seen the night dance on the side of the road
Teenagers of all ages

Baby, show me where to go
Some things I don't want to know
Baby, tell me if you're sure
Out all the time

...
In the running show
All I want to see (I can't take this anymore)
All I want to know
Watch you as you sleep
Faces at your door
Waiting for their piece (I don't want this anymore)
Pull the trigger please

Baby, show me where to go
Some things I don't want to know
Baby, tell me if you're sure
Out all the time

I don't want to see everybody get together

...
You don't have to tell me that I wanted you before
Everybody in the shadow
