Take it, take it all  
... oh ma, ma, momma  
Tonight you're looking so right, right, right  
Come and gimmie some of...  
Take a look and sip this...  
So you can get down on it  
Girl, you know it's better when you know it  
Hope you're in the mood tonight  
Baby, cause the mood is right

Bridge:

Oh, eh, eh, pretty young thing, what is gonna to take  
To get you out of those jeans?  
Out of that shirt, you got a body worth money  
Take it all from me!

Chorus:

Girl, I'm ready for that striptease you did for me last  
night, last night  
Can you look better coming out your clothes,  
Baby, take it down nice and slow  
I'm ready for that striptease you did for me last night,  
last night  
And Shawty you can take your time, cause that the way  
you're bumping ground  
Baby, take it all off, off, off  
And yeah, that's right, baby!  
Baby, take it all off, off, off

Yeah, what you got on this fly  
But without it you look better na, na, na  
Oh no, I ain't telling...  
Girl, let say this thing is just right for you!  
You got it all flown it  
I wanna shout at you like an alcoholic  
One shot, two shots, or  
Got me love drunk, but I still want more

Bridge:

Oh, eh, eh, pretty young thing, what is gonna to take  
To get you out of those jeans?

Out of that shirt, you got a body worth money  
Take it all from me!

Chorus:

Girl, I'm ready for that striptease you did for me last  
night, last night  
Can you look better coming out your clothes,  
Baby, take it down nice and slow  
I'm ready for that striptease you did for me last night,  
last night  
And Shawty you can take your time, cause that the way  
you're bumping ground  
Baby, take it all off, off, off  
And yeah, that's right, baby!  
Baby, take it all off, off, off

Look, yeah  
I'mma set the camera, let you now what's going down  
Them clothes coming off, you can come a couple of  
rounds  
And another round and you're kinda a...  
But you should show a love, something like a sneak  
peak.  
So she be doing things, like she... to me  
Then I make her scream like a scary movie.  
You know what I mean, momma, you can guess on  
Baby you would dream, I'm just hoping you would...  
You get it at the same time  
Plus my favorite numbers are 6 and 9  
... you may give me one  
And next time, bring a friend, we can triple the fun!

Chorus:

Girl, I'm ready for that striptease you did for me last  
night, last night  
Can you look better coming out your clothes,  
Baby, take it down nice and slow  
I'm ready for that striptease you did for me last night,  
last night  
And Shawty you can take your time, cause that the way  
you're bumping ground  
Baby, take it all off, off, off  
And yeah, that's right, baby!  
Baby, take it all off, off, off
