### "Apathy"

You want to look at the edge of madness  
Just to see to see  
You want to find what you're missing out on  
Well come on over here child talk it all to me  
Don't you come here wasting my time  
I'm going to make it just fine

Now you're bend on the edge of blindness  
What you trying to see?  
You want to walk with a sould of darkness  
But stepping on those coals  
You get those blisters on your feel  
Well, don't you come here wasting my time  
I'm going to make it just fine

Can't there be some other way  
Can't we make you stay  
In apathy?

So take a chance a sould divided stance  
And end before our needs  
The waiting room is full you've pressured and you've  
pulled  
And now your sou's tired crawling on a barbed wire  
So don't you come here wasting my time  
Child i'm going to make it just fine

Can't there be some other way  
Can't we make you stay  
In apathy?

Well can't ther be some other way  
Can't we make you stay  
In apathy?  
Don't you feel it all the lvoe?  
As below and so above  
Apathy  
Can't you feel it all the love?  
I fell apathy  
Can't you feel it all the love

I feel apathy
