Feat. Flo-Rida

[4x]

Don't make me make me cause a scene up in here

Don't make me make me make me make me make me
make me

Cause a scene up in here don't

I'm demanding all of my respect

I don't care who's about to see me cause a scene up in
here

I see you out here with your home boys clubbin'

Champagne popped off and you bubblin'

Sheek shoes, but you better tell them somethin'

You better tell them that your somebody's husband

I ain't with that foolishness

No that ain't what I need tonight

But if they keep they hands off you then everything will
be alright

I'll cut up in here cuz I'm on that gasoline

And you know I'll take my shoes off and grab my
gasoline ohh

[4x]

Don't make me make me cause a scene up in here

Don't make me make me make me make me make me
make me

Cause a scene up in here don't

I'm demanding all of my respect

I don't care who's about to see me cause a scene up in
here, no

Your ex-girl wanna flirt

Well she gon' get herself hurt

Even though I got on a mini skirt

I still will put in work

Don't tell me calm don't cuz I know somebody's doing

wrong

It's gon' be trouble when I find out just what's going on
I'll cut up in here cuz I'm on that gasoline
And you know I'll take my shoes off and grab my
gasoline ohh

[4x]

Don't make me make me cause a scene up in here

Don't make me make me make me make me make me
make me

Cause a scene up in here don't
I'm demanding all of my respect
I don't care who's about to see me cause a scene up in
here

[Flo-Rida]

Heyy sh-sh-shawty we got the champagne poppin'
And weed for you to be poppin' off
Throwin that attention that's fo' sho' don't get the cops
involved
Li-li-listen to me baby I can't help these chicks you roll
up on
I do you, you do me end of the night
They go home and we get grown
Uncut or cut at all
Why even call for a scene?
Ok we do for makeup sex but I'm not dating Maybelline
Baby I do got enough respect if not 'bout these broads,
I'm 'bout my cheese
To the-Flo-Rida, I oh I love my Teairra Mari
Shit shit mama let's be drama free,
Shawty you good left the ghetto, move from the
projects
Damn, I thought I left the hood
Well then when I bought them stilletoes to keep
something on your foot
To supply you with lots of henny see, some bitches get
wood
I ain't did nothing I would never ever push your button
Then she double, Ella Ella
No way I'ma stay out of it
Oh, today breaking up this subject we gotta take it out
in public
I-I know that you, you my wifey but my boo ain't got
your back

[Teairra Mari]

All my ladies say [Ahhh, oooh]

Don't test me [Ahhh, oooh]

[3x]

here

All my ladies say [Ahhh, oooh]

Don't test me [Ahhh, oooh]
