"Heaven Coming Down"

With nothing to do you'd waste away
Obscure in exile
They've witnessed the times
You've gone astray
Whose fault? now you're thinking...

There's nothing to prove
A message from the crowd
To the shore...

And it feels now
Just like heaven's coming down
Your soul shakes free
As its conscience hits the ground

So strange are the ways,
They all have changed
Still life it stays the same
A break from the past
Could make it last
Maybe just a little longer

There's nothing to prove
A message from the crowd
To the shore...

You surrender
Love under will
Rest assured you're adored

And it feels now
Just lie heaven's coming down
Your soul shakes free
As its conscience hits the ground
These signs, this fate
Takes a path you didn't choose
Stay Strong, Keep Faith
There is a change that's
Coming through
Hold on my love

Hold on...
