"Life line"

See this lifeline in chains
Safe resistance restrains
Listless lover of stars
Makes me wonder how far, you've come

All you've learnt
You've forgotten
You desperate soul
You're lost again

Can't help feeling betrayed
Nothing's come from the grave
Helpless angel of fate
How much longer to wait?

All you've learnt
You've forgotten
You desperate soul
You're lost again

Don't you see, all this time?
Takes away, takes the place up, up above?
Can't you see light here, and it's shining?
Look around, I'll be waiting love

Crushed by lies in the dark
Helped them tear you apart
Listless lover of stars
It makes me wonder how far, you've come

All you've learnt
You've forgotten
You desperate soul
You're lost again

Don't you see all this time
Takes away, takes the place, up, up above?
Can't you see light here, and it's shining?
Look around I'll be waiting love

Don't you see all this time

Takes away, takes the place, up, up above?
Can't you see light here, and it's shining?
Look around I'll be waiting love
